MAY FESTIVAL TO BE FRIDAY

WILL BE HELD ON CAMPUS AT STATE TEACHERS COLLEGE.

PRESENTED AS PAGEANT

Program is Under Direction of Miss Ruth Bass—Will Start At 4:15 O'Clock Friday Afternoon.

The annual May Day Festivals will be held at the College on Friday afternoon from 4:15 o'clock until 6 o'clock. The crowning of the Queen will take place southwest of the main building and is being presented by the Women's Athletic Association and the junior class of the College. A supper will be served on the College lawn.

The festivals will be given as a pageant, "Robinhood." The students taking part in the pageant will be announced later. The program is under the direction of Miss Ruth Bass.

The order of the procession is as follows: Heralds, Flower Girls, Crown bearers, Queen and her page and guards, Ladies-in-waiting with pages, Nobles, Sheriff with page, Nobles, and Dancers. The dancers include the shepherds, milkmaids, fools, witches, chimney sweeps, hobby horses, strolling minstrels singers, orchestra, maypoles, tumblers and wrestlers.

Ora May Condon is the Queen of the May Day fete and Merle E. Selecman is the squire or sheriff. The story of Robinhood is as follows:

The king and queen elect to have a May festival and move to the outskirts of the town to enjoy their dancers. Robinhood and his men pass by and ask permission to give an entertainment to king and queen which is granted them. They proceed to present the dances given by the other entertainers in a much better manner.

The program is as follows:

Crowning of the Queen by the sheriff.

Dances planned for the Queen.

May Pole Dance, tumbling, dance by the peasants, shepherds dance, wrestler, dance of the chimney sweeps, milkmaids dance, tumblers, and bowmen.

Dances by Robinhood's men. Entrance of Robinhood, entrance of maid Marian, dance of greeting for the Queen, dance of the veils, tumblers, mage of a Cree, Old Mole, wrestlers, Ruffy-Tuffy tumblers, archers and May Pole Dance.

The parting.

The May festival is an example of one of the few survivals of beautiful old mythological rites.

Druids and wood nymphs, so the tale goes, centuries ago celebrated the feast of Bel, the forest god, and Flora, the goddess of flowers, on the first day of May. With the druids long since departed from our mortal earth, maidens of real flesh and blood today dance around the Maypole and perpetuate the same tradition. The festivities are in honor of spring, symbolic of beauty and growing life.

The Scotch Highlanders in the twelfth century were among the first to translate the belief in the druid dances into real life. England adopted it and still makes a gala day of it. The mummers soon had composed pageants in its celebration and added May Day to their list of holidays. In Sweden and some other European countries, winter is burned in effigy over a community bonfire on the night before May Day.

Americans brought the customs of dancing and crowning the May Queen from the mother countries and made much of it in the early days. The celebrations were once forcefully stopped by a group of belligerent Puritans, but neither their axes nor their consciences could completely eliminate the May-poles and dancing.

Almost all universities and colleges in the United States, usually in honor of their girl graduates, hold a May carnival.

3 Fined for Digging Out Five Young Foxes

Toney Whited, Russell Martin and Marvin Martin, all of Lincoln township were fined $1.95 in the court of Justice J. C. Piper at Elmo for the unlawful possession and digging out of young foxes, according to Deputy Game Warden, John Wallace.

The game warden turned these five foxes loose that he got from the defendants.

Bronze Letter Club Adopts Constitution

The Bronze Letter Club which was formed recently by the winners in State Teachers College Annual Literary Society Contests, held a meeting last night at the home of Miss Helen Baker on West Third street.

At this meeting, the constitutional committee composed of David Nicholson, Harry Nelson, Paul Stone, Miss Helen Baker and Miss Ruby Goodwin, presented the constitution which they had drafted, for discussion and adoption. After some discussion and changes, the constitution was adopted.

The next meeting of the club will be held on the second Monday in June with Miss Mattie Dykes at the home of Dr. F. M. Ryan on West Second street.

MISSIONARY TO GIVE ADDRESS

REV. W. T. LOCKE TO SPEAK AT PRESBYTERIAN CHURCH.

WORK IS IN CHINA

Has Been In Active Service There for Over Thirty Years—To Be In Maryville On Evening of May 21.

Thursday evening, May 21st., the Rev. William T. Locke, D. D. of Hunan, China will speak at the Presbyterian Church at 8 o'clock.

Dr. Locke has been in missionary service in China for over thirty years, and is rated as one of the outstanding missionaries of the Presbyterian representatives there. Just now he is in the United States speaking in the churches and to other church gatherings on present day conditions in China. For ten days he is visiting the churches of St. Joseph Presbytery.

Last summer Dr. Locke was in Tarkio for a big summer conference. The report is that he was the outstanding speaker. When he started his present tour of St. Joseph Presbytery Tarkio asked for the first date. Among other places he will speak in St. Joseph, King City, Albany, Craig, New Point, Woodville, Fairfax and Graham.

A special interest attaches to an address on China right now. For the past year all the churches have been studying China as the foreign mission topic. "China's Real Revolution" was the study-book most generally used. The Presbyterian Church invites members of other churches to attend who would like to hear Dr. Locke. An opportunity to ask questions of Dr. Locke will be given.

He also comes highly recommended by the pastors of St. Louis, according to the Rev. S. P. Allison. Dr. John W. MacIvor, pastor of the Second Presbyterian Church of St. Louis, has strongly recommended Dr. Locke for his presentation of the work of foreign missions and as a Christian statesman. He reports that on one occasion Dr. Locke addressed some fifty professors from Washington University, and that without exception they accepted his viewpoint. The special point of interest in this is that most of these professors are not in the church at all.

This summer Dr. Locke will be one of the speakers at the Presbyterian Conferences at Presbyterian Hill, Hollister, Mo. Recently he has filled a number of dates in Kansas City, speaking to the Presbytery of Kansas City and to many of the churches.

City Water Shut Off Time This Morning

Connection Being Made at Frederick and Second streets—Fire Plug at Frederick and First streets.

The city water was cut off for a short time this morning in the west part of the city. Mayor W. O. Garrett explained this noon that the water was shut off beause the city water department was making connections at the intersection of Frederick and Second streets, as a fire plug is being installed at the corner of First and Frederick streets.

Means Is Anxious to Begin His Sentence

Washington, May 19.—Denied a new trial in New York on charges of conspiracy, Gaston B. Means, former department of justice agent, today asked the district attorney to have him taken at once to Atlanta prison to begin his two year sentence.

TELLS VALUE OF EDUCATION

DECIDE NOW ABOUT HIGH SCHOOL SAYS ZIEGLER.

IS GOOD INVESTMENT

Benefits Measured By More Than Dollars—Polk Township Rural Commencement Is Held Yesterday.

"Now is the time for you to decide if you are going on into high school," declared L. E. Ziegler, superintendent of the Maryville Public Schools, in addressing the graduates of the eighth grade of the rural schools in Nodaway County at the commencement exercises held at the Maryville High School auditorium yesterday afternoon.

"There is one other point for you to bear in mind as you go out into the world. That is, where are you going to get advice that you will be seeking? You want to see some one that has had an education, not the ignorant man. When you go into the world you are going to face its problems yourself. Are you going to be prepared?"

Mr. Ziegler then proceeded to answer all of the arguments that are advanced by students who do not wish to continue in school. He showed that it was profitable, both in wealth and in increased living power; and he showed that it improved the student in social, physical, spiritual and educational fields.

Mr. Ziegler concluded his address with the ten points of a gentleman's superiority, as given by Dr. Frank Crane. They are:

1. He must be a spiritual man.
2. He must lead a simple life.
3. He must be of service to his fellow man.
4. He must put himself above pleasure.
5. He must never be bitter.
6. He must be clean, both in mind and body.
7. He must not show off.
8. He must be gentle.
9. He must be humble-minded.
10. Familiarity must not breed contempt with him.

The diplomas were presented to the graduates by Leslie G. Somerville, county superintendent of schools.

Music was furnished before the program by the Maryville High School orchestra, under the direction of William Gaugh.

The program was as follows:

Invocation—The Rev. C. C. James.

"What My Graduation Means to Me" Dorothy McCord, honor graduate of the 1925 class of the Maryville High School.

Illustrated Art Talk—LaVerne Robey, junior of the Maryville High School.

"What the Juniors Mean."—Walter Allen, member of the Maryville High School Junior Class.

Address—"What an Education Means"—L. E. Ziegler.

Presentation of diplomas—Leslie G. Somerville.

Mrs. K Liley Speaks Before Newman Club

Club Is Planning for Party May 25 at Club House for Its Senior Members

The Newman Club program this morning at the State Teachers College was opened with a prayer led by Carlos Yehle, followed by the club song, "Lead Kindly Light."

Community singing was led by Joseph Graves, chairman of the program committee. Favorite songs of the different club members were sung, including, "Love's Old Sweet Song," "All Through the Night," "Drink to Me Only With Thine Eyes," and "The Little Brown Church in the Vale."

The principle number on the program was a vivid and clear-cut rendition of the legend of "The Veiled Prophet of Khorassan" by Mrs. K. Liley.

Miss Margaret Franken gave a short talk, advising students to become more conversant with literature and the characters of the literary masterpieces, and of some basic legends such as "Evangeline" and others.

The latter part of the meeting was given to planning for the party to be held Monday Evening, May 25, at the Newman Club House in honor of the senior members of the club

T. L. Wilderman returned to his home in Denver, Colo., this morning after a several days visit with friends here.

Benediction—Dr. C. C. James.

The members of the senior class are: Mary Catherine Alexander, Charles Cleo Carr, Ella Lee Decker, Iva Walker Gillespie, Elsa Marie Hilsenbeck, Mary Amy Pistole, Eleanor Agnes Sawyers, Leora Frances Willhoyte.

The juniors will decorate the stage with spring flowers and act as ushers to friends, parents and student body. The junior president, Lois Mae Dakan will lead the procession and will assist Dean Colbert in presenting the diplomas to the graduates.

DAVIS SCORES IN TESTIMONY

WITNESSES SAY SON WAS IN CITY TO BUY CATTLE.

NOTE TO K. C. BANK

Communication Was Not Addressed to Fred W. Pollman, Former Governor of Kansas Declares.

Courthouse, Topeka, Kan., May 19.—The cross examination of Jonathan M. Davis, former governor of Kansas ended shortly before 11 o'clock today in his trial on charges of soliciting a bribe in connection with pardons.

Attorney-General Charles Griffith carried the defendant back over the ground of incidents in his direct testimony on the visits of Fred W. Pollman, Glen Davis, Mrs. Walter Grundy and others in connections with pardons, but only minor matters were brought out.

On the redirect examination, Mr. Davis said that the second note he gave to his son to take to the Baltimore Hotel in Kansas City when the latter was supposed to see Fred Pollman had been addressed to the Drovers National Bank. Yesterday, Davis had said that he did not remember to whom this letter, which the state had contended was for Fred Pollman, had been addressed.

Several witnesses then testified that they had seen Russell Davis in connection with the purchase of cattle when he was in Kansas City at that time. This visit, the state had contended, was for the purpose of seeing Pollman. The taking of testimony is expected to end late this afternoon.

Beech Family Visits Here.

Mrs. S. L. Beech and daughters, Betty Jane, Marjory and Elizabeth, of Rock Port visited in Maryville yesterday with Mr. and Mrs. Charles Gaugh and family en route to Rosendale to visit Mrs. Beech's sister. Mrs. Beech and daughters will return to Maryville to spend Sunday with friends. Mr. and Mrs. Beech and family will go to Kansas City soon to make their future home. Miss Elizabeth Beech will attend the summer semester of the State Teachers College in Maryville.

Visiting at Young Home.

J. W. Young of Fromberg, Mont., arrived in Maryville Saturday noon to visit his parents, Mr. and Mrs. Reuben Young. The condition of Mrs. Young who has been ill several weeks, is improved.

Miss Thelma Chamberlain of Bedford, Ia., underwent a mastoid operation at St. Francis Hospital last night. Miss Lena Foland of Parnell underwent a tonsil operation at St. Francis Hospital yesterday morning.

Mrs. Barmann to Lawrence.

Mrs. Earl Barmann will leave Thursday morning by motor for Lawrence, Kan., to be the guest of her sister, Mrs. M. E. Henderson, for a week.

Magnus Tate of Kansas City and Miss Jeannette Tate of Grant City have returned to their homes after a short visit with their grandfather, George S. Baker, and other relatives and friends.

NEW MAIN TO WATER PLANT?

LOCATION OF HIGHWAY HOLDS UP PROPOSITION.

COST 12-15 THOUSAND

Council to Check Up on Paving Protest Tonight and Consider Pool Table License.

A second water main, eight inches in diameter, 6,600 feet long, and costing between $12,000 and $15,000 may be laid during the present year, Mayor W. O. Garrett said this morning.

The proposed water main would extend from the pumping station to Depot street along the Maryville-Ravenwood highway.

The addition of another main would provide excellent service to the consumers and would be a necessity in case of emergency, Mayor Garrett pointed out. At the present time there is only the one water main from the pump house. There has been considerable agitation for the construction of another main for some time, Mr. Garrett added.

The one thing which is holding up definite action is the location of the state road east out of Maryville. The state highway commission has made no definite announcement as to the location of the road when it will be hard surfaced. Mr. Garrett pointed out that it would be extremely unwise to go ahead with the water main construction before the highway commission announces the location of the road. The main will be constructed along the side of the state road.

As soon as the highway commission definitely decides on the location of the Maryville-Ravenwood road, Mr. Garrett intimated that the City Council would be in a position to go ahead and let the contract for the water main construction work. It may be that this will be done within the next two or three months.

In the meantime, other improvements, including paving, sidewalks, sewers and the moving of the Wabash freight depot, are on the program for 1925.

The city council will meet tonight and go over the remonstrance against paving on Fillmore street. The council will either decide in favor of the remonstrance, which means killing the paving resolution, or make final adoption of the paving resolution for paving on Fillmore streets between Fourth and Eighth streets.

If the paving resolution is killed by the protest filed with seventeen signatures of residence property owners, it is understood that the property owners on Fillmore street between Fifth and Sixth street will get up a petition requesting the council to order in paving on this portion of Fillmore street and the understanding is that a majority of the property owners between Fifth and Sixth street favor paving with seven inch re-inforced concrete

The council will also consider granting the Linville Hotel a license to conduct two pool tables in the hotel billiard room. An application for a permit was filed by the proprietors yesterday with the city clerk.

Damage Suit Against Evans Is Dismissed

Indianapolis, Ind., May 19.—The $125,000 damage suit brought by D. C. Stephenson, former Ku Klux Klan leader in Indiana, against Hiram W. Evans, former imperial wizard of the Klan, following the burning of Stephenson's home in Toledo last year was dismissed by Federal Judge Robert Baltzell today.

Edward W. Gray, state committeeman of the American Legion department, will probably leave tomorrow for Excelsior Springs. Mr. Gray is one of a state committee that has been appointed to inspect the government hospital at Excelsior Springs, upon request of the government.

Mr. Stark Attends Wood Funeral.

Jonathan Stark, past master of Maryville Lodge, No. 165, A. F. & A. M., went to Elmo this afternoon to conduct the Masonic funeral ritual for the late John S. Wood, editor of the Elmo Register, at the I. O. O. F. cemetery in Elmo.

President to Travel to Chicago in Pullman

Coolidge to Be "Ordinary Citizen" on Part of Trip to Minneapolis to Norse-American Celebration in June.

Washington, May 19.—When he goes to Minneapolis in June to attend the Norse-American centennial celebration, President Coolidge will travel as far as Chicago as an ordinary citizen in a regular Pullman sleeper, the White House announced today. From Chicago to Minneapolis he may use a private car, it was said. Last December, the President broke all precedent by traveling to Chicago and back in an ordinary Pullman car.

STATE LOSES ONE WITNESS

McCLINTOCK'S PROSECUTION IS DEALT SEVERE BLOW.

JURY IS NOT CHOSEN

Many Objections Made to Death Penalty and Conviction On Circumstantial Evidence in Famous Trial.

Criminal Court, Chicago, May 19.—Disappearance of an important state witness was discovered today as William D. Shepherd, calmer and more composed than yesterday, walked into Judge Thomas J. Lynch's courtroom for the second day of his trial for the alleged murder of William Nelson McClintock, his millionaire ward.

The witness is Robert White, formerly connected with Dr. C. C. Faiman's National University of Science, the man who before Faiman's sensational confession is alleged to have pointed out Shepherd as a visitor at the school.

White, sought on a subpoena, was found to have left his home presumably for a motor trip from which he was to have returned yesterday. At the place where he is employed, it was said nothing was known of his whereabouts.

Criminal Court, Chicago, May 19.—The outlook for a quick empaneling of a jury to try William D. Shepherd on a charge of murder for the death of William Nelson McClintock, "millionaire orphan," dwindled today. The state, distressed at the start of today's proceedings by the disappearance of one of the star witnesses, was further worried as the great majority of the prospective jurors were disqualified on the grounds of opposition to the death penalty or conviction on circumstantial evidence.

Will Start Paving at South End of Main

To Be the First Project of the Cook & O'Brien Construction Co., Which Has Contract From City.

E. M. Critchfield of Kansas City, consulting engineer of the E. T. Archer & Co., consulting engineer concern, that has charge of all paving that will be laid in Maryville this summer, stated today that as soon as the Cook & O'Brien Construction Co., gets its machinery here and the entire paving crew is moved here operations will commence on the south end of Main street.

As South Main street is torn up considerably this will be the first street to be paved with seven inch reinforced concrete. The paving will join the end of the ten mile project of the state, at the south edge of the city, run north to Lincoln street, where this street will be paved east to Main street and west to Buchanan street, and then the three blocks on South Main street between Halsey and Lincoln streets will be put in.

The other two projects that the Cook & O'Brien Construction Co., already has the contracts for are Market street between First and Second streets and Dunn street between Second and Fourth streets.

Jack Canon, superintendent of the Cook & O'Brien crew is expected in the city today. The E. T. Archer concern was notified that the crew would be here Monday but it has been delayed in bringing the machinery here.

Iowa Couple Married.

Miss Hazel Ruth Barnes and George J. Nennealy, both of Grant, Ia., were married in the restroom of the courthouse late yesterday afternoon by Judge Jesse F. Robertson of the Probate Court.

CONTINUE TO URGE PERSHING

TELEGRAMS POUR INTO GOVERNOR BAKER'S OFFICE.

CORTEGE DUE TONIGHT

Funeral Arrangements for Late Senator Selden P. Spencer Completed—National Characters to Attend.

St. Louis, May 19—With the funeral cortege of Senator Selden P. Spencer due to arrive in St. Louis at 5 o'clock this afternoon burial arrangements have been made. The body of the late senator from Missouri is to lie in state at the Second Presbyterian Church where the funeral will be conducted by the Rev. William McIvor.

Internment will be made in Bellefontaine Cemetery. State, county and federal offices will be closed during the funeral services. Honorary pallbearers will be nationally known churchmen, leading lawyers and business men.

Among those prominent in the state that will be in attendance are Gov. Sam. A. Baker, and former governor, Arthur M. Hyde.

Jefferson City, May 19.—Scores of telegrams poured into the office of Governor Sam A. Baker today, asking the appointment of Gen. John J. Pershing as successor to the late junior Senator for m Missouri, Sen. Selden P. Spencer.

The name of George Williams, St. Louis jurorist has been frequently mentioned as a possible candidate to be named by the Governor and it was made known from political headquarters that Williams has long been favored for the appointment.

The governor announced the appointment had already been made but that the announcement will not be revealed until after the funeral services of Sen. Selden P. Spencer on Wednesday.

It was pointed out here today that General Pershing may not be named because he has not maintained a residence in this state and it would not be a legal appointment.

St. Louis, May 19.—E. J. Wallace of the St. Louis Business Men's Association, today was in receipt of a letter from Gen. John J. Pershing, outlining his political ambitions. The contents of the letter were held in confidence. Mr. Wallace said the letter was in reply of a letter he had sent to General Pershing in regard to his being a candidate for United States senator.

Returns Open Verdict in Death Dr. Dillon

Coroner Of St. Louis County Announces Investigation Will be Continued Indefinitely by Authorities.

St. Louis, May 19.—An open verdict in the baffling murder of Dr. William A. Dillon was returned today by the coroner's jury at Kirkwood, St. Louis suburb after the resumption of the inquest that heard the testimony of Mrs. Anna Dillon, divorced wife of the slain surgeon, and several other witnesses. Coroner Bopp declared that the investigation, now almost three weeks old, would be continued indefinitely and the inquest jury subject to call any time.

Clark Lambert and Mrs. Charles Shackelford of Wilcox were in St. Joseph yesterday.

PASSING OF THE PORCH.

Another great American institution is passing. Once thought deathless, it is rejected by the rising generation. Only a decade ago it was indispensable to the American home but today it is wholly foreign to that home. For centuries it was more than an institution, it was a national tradition and an honored ideal. Today it is ridiculed, maligned or, what is still more ignominous, being forgotten.

This tragic victim of progress is the front porch. No longer is it considered by architects in the drafting of their plans for the modern home, and with the "new" home-builder it is as obsolete as the wood-shed and out-kitchen.

While the solarium and roofless plaza which grace the modern home have replaced the old-fashioned front porch, they can never fulfill the ancient duties of the old "front porch." Once the home was judged by its veranda. Formerly it was a coveted privilege to rock in a chair on the front porch to see and be seen, but in this revolutionary of ages it is considered very bourgeois to expose one's self in such an idle mood and reposing posture to the curious crowds. The porch has been abolished, so the household can not sit out to see the world pass on parade, and to perfect the conspiracy against the front porch high walls and hedges now prevent the "parade" from looking in.

Some through sentiment will miss the old front porch along with the hitching post, cigar store Indian, watering trough and blushing maiden, but the viewers-with-alarm with their customary pessimism will see in it a confirmation of the report that people don't build porches because the modern home is only a place to sleep in and the report that the automobile has supplanted the porch as the great American perspective and rest-resort.

MANK SEEKING CITIZENSHIP.

A surprising effect of the immigration quota law has been that the diminishing of the number of immigrants admitted has been accompanied by a considerable increase in the number of applications for American citizenship.

This anomalous situation may be interpreted to mean that the exclusion of many unfit aliens and the keen competition to gain entrance to America has awakened more alien residents to a realization of the real worth of the country and of the benefits of American citizenship.

Foreign-born men and women numbering 177,000 were made American citizens in 1924. First papers were filed by 424,000 would-be citizens.

An unfortunate feature of the increase in the number of applications for naturalization was that the federal examiners were unable to act upon 100,000 of them last year. As a result the benefits of American citizenship were temporarily denied to 100,000 aliens. If this delay was occasioned by an inadequate force of examiners means should be found for enlarging that force. If it was occasioned by insufficient funds, as has been reported, congress should hereafter provide an adequate appropriation.

Before the war skeptics charged the immigrant with seeking American citizenship to evade compulsory military service in the motherland. Their refutation is seen in the increasing naturalizations since the war, in spite of the fact that the United States adopted compulsory military service in the World War.

Representative Bacharach of New Jersey has recommended to President Coolidge a tax reduction in the next session of Congress amounting to $400,000,000 along what he terms "practical lines." The trouble will be that every Congressman will run for re-election on a platform that he thinks will appeal to his local constituency regardless of what the general welfare may demand. When Congress assembles there will be about 435 different plans according to the local ideas in that many different districts.

NUTRITION QUESTION BOX

Conducted by the American Red Cross Nutrition Specialist.

Question

"Will you please print a menu for a soft or semi-solid diet?"

Answer

The soft diet represents a step between the liquid diet and a very simple, wholesome, mixed diet. The sick person will usually like the semi-solid better than the wholly liquid diet, and it has the advantage of less bulk in proportion to food value. The foods most commonly included are simple dishes such as toast softened with water, milk, or broth; cream of vegetable soups; custards, baked, steamed or "boiled"; whips, souffles, junkets, blancmange, gelatin, ice creams, ices, and sherbets. Meats and fish are omitted and green vegetables given with caution, usually in soup. The following menu will give some idea of what foods are permissible.

7 a. m.—1 cup hot milk (may be flavored with tea or coffee).

9:30 a. m.—½ cup grape or pineapple juice; 1 cup thick Farina gruel with rich milk; 1 thin slice toast with butter.

12 m.—1 cup beef broth with the white of one egg; 1 thin slice toast with butter.

2:30 p. m.—Three-fourths cup of chicken souffle; one-half thin slice of toast; one-half cup lemon jelly with 1 tablespoonful whipped cream.

5 p. m.—1 cup milk flavored with tea or cocoa; one-half slice of thin toast.

7:30 p. m.—One-half cup bouillon; one egg omelet; one-half cup cocoa or caramel junket.

10 p. m.—One cup gruel or malted milk (made with milk); one thin slice toast.

Liquor Raids in Hills Reported Effective

Prohibition Department Is Corking Up One by One Sources of Supply of Eoctleg Liquor—Arrests Made.

Washington, May 19.—Corking up one by one the sources of America's liquor supply, the prohibition enforcement department has launched an attack in the southern mountain sections which, for generations, has been noted for its output of moonshine whisky. Frequent raids are being conducted by revenue officers and deputy United States marshals through the isolated hill districts, south of the Mason and Dixon line. Early returns from the front indicate a large capture of stills and several arrests.

INDIANS GATHER FOR GREAT TRIBES MEETING

Delegations Represent One of Wealthiest Gatherings In America—Bring Many Valuable Relics.

Ponca City, Okla., May 19.—Arriving by train, by horse and wagon, some with liveried chauffeurs and some dragging battered tepees swung on long poles, Indians of the nation continued to gather here today for the delayed formal opening the convention of the eighteen great tribes. The delegation collecting here represented one of the wealthiest gatherings in America, bringing with them relics of early American history worth hundreds of thousands of dollars.

Candy Sale.

A candy sale will be held Saturday at the Price Furniture store under the auspices of the Ladies Aid Society of the First Methodist Church.

Mrs. P. R. Moore and children will leave this evening for a week's visit in St. Joseph and Atchison, Kansas.

Chicago Is Third as Swedish City

Sweden Herself Remains Remarkably Free From Admixtures of Foreign Blood, Figures Reveal.

Stockholm, May 19.—The third largest Swedish city in the world is not Malmoe, as commonly supposed, but Chicago, Ill., a recently published census report of the Swedish Government's Central Bureau of Statistics reveals.

Malmoe, the metropolis of southern Sweden, has 114,000 inhabitants; but in Chicago live 121,000 Swedes of the first or second generation. Only Stockholm and Gothenburg exceed that figure. Both New York and Minneapolis have more residents of Swedish nationality than Norrkoping, usually rated as Sweden's fourth city. Twelve American cities have a Swedish population of more than 10,000. Jamestown, N. Y., has the highest proportion, or 38.6 per cent; and Rockford, Ill., comes next with 29.7 per cent.

In Minnesota the Swedes make up 11.7 per cent of the entire population, and more than one-half of all the Swedes in the United States live in the Northern Central States.

The Americanization of the Swedes in the United States proceeds more rapidly than it used to, since more of them live in the cities, the Swedish census report concludes. While still pioneers in the wilderness, the immigrants kept their national traits and language longer. Of all the Swedes living abroad, the greatest number is located in the United States.

In Norway there are 50,000; in Canada, 30,000; in Denmark, 36,000. In Finland 340,00 persons speak Swedish, being descendants of former immigrants. In the United States there are 625,000 native-born Swedes and 1,457,382 of the first and second generation. Throughout the world there are about 9,000,000 persons of Swedish stock, of whom, roughly, 6,000,000 live in Sweden. At home the population has kept remarkably free from admixtures, only 57,832 inhabitants of the country, or less than 1 per cent, being foreign born.

Mrs. J. F. Colby and Mrs. S. G. Gillam went to St. Joseph this morning to spend the day.

Mr. and Mrs. Charles Evans and daughter, Miss Matie Evans, of Parnell were Maryville visitors today.

Mrs. Alonzo Wilson of Parnell was taken to Noyes Hospital in St. Joseph yesterday and will undergo an operation tomorrow morning.

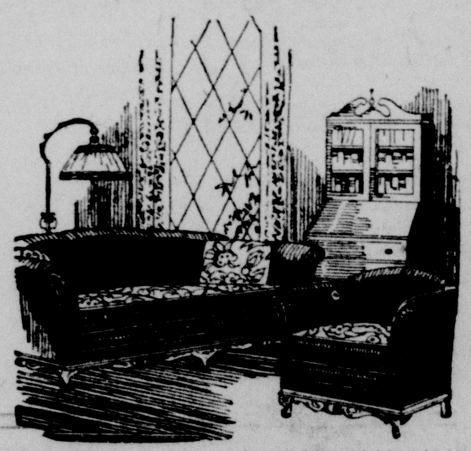
"Where Your Patronage is Appreciated"



A little well-- intentioned advice

When you are buying furniture it is all right to ask what it will cost, but you should, also, at the same time, ask "How long will it last?"

If your furniture soon falls apart, or "goes wrong" in any respect, you have paid a very high price for it no matter how little you paid for it.

Furniture can be "built down to a price" and it can be "built up to a quality." This does not mean that you have to pay an exhorbitant price for your furniture. Rather it means that you should buy furniture that has been built by an honest, reliable manufacturer, and sold by an honest, reliable retailer.

There are all kinds of manufacturers, and there are all kinds of retailers. We KNOW that we buy only of reliable manufacturers; and we try, every minute of the day, to be the "right kind of a store."

We think you'll like trading at Price's. We'd like to have you try.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

DR. BAKER, Maryville

It costs a little more to get your eyes fitted by Dr. Baker, but U get better glasses. U stay fitted. He makes U C. He cuts, grinds and makes your lenses. He gets the practice.

Eczema

OH! The joy of a peaceful, restful night. What a wonderful "up and going" feeling follows such a night of undisturbed slumber.

Oh! What tortures—what agony—what despair—goes with the nights where eczema and other skin diseases hold power and drive away rest and peaceful slumber. For under the cover of darkness like crafty beings of the underworld these eruptions work their most serious havoc.

S.S.S. is the established conqueror of these annoying skin diseases. S.S.S. drives these ever disturbing elements from your system—elements that carry in their wake—lack of energy—undermining health! You may try in vain to get rid of them by using salves, lotions, washes, all to no purpose. You can't do it that way—the seat of the trouble lies deeper—impure blood trying to throw off poisons through the tender skin.

S.S.S. purifies the blood. It aids Nature in creating new red-blood-cells by the million! Blood-cells that send new rich blood coursing through your system. Red blood that drives away eczema—drives away pimples, blackheads, boils and rheumatism, too. An increase in red-blood-cells means added strength, added vitality and renewed vigor. Because the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. Start taking S.S.S. today and watch it rout that annoying, skin destroying, health undermining army that holds your system in its grasp! Learn again what it means to enjoy peaceful, restful nights of slumber.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Homes And Schools Are Greatest Influences In Making Citizenship

The following essay on "The Influence of the Home and the School on Good Citizenship," written by Miss Mildred Wilson, a freshman in the Pickering High School, was awarded the second prize of $15 in the high school division of the county-wide contest recently conducted by the Democrat-Forum.

How our fancies seem to fly to that great nation of America, whose freedom each and everyone enjoys. But what a great responsibility rests upon the shoulders of the true and honest American citizen.

Your life and my life are closely interwoven with that of the community in which we live. The best of our lives have come from taking part in the communities welfare. Let us for a moment imagine ourselves Robinson Crusoe, shut off from all mankind, on a remote and desolate island in the sea. What a narrow life we would lead! Citizenship means just this membership in the community, but good citizenship means performing well one's duties as a citizen.

The first training we have is in the home or as it has been called "the school of all virtue" that goes to make good citizenship. Much of the government we have today is made necessary in order to take the place of what is lacking in the home life of a community. It does not train the children alone but the parents as well for it is usually true that if a man is a good husband, a good father, a good son, or a good brother he will also, be a good citizen.

The women of a community have a great influence in molding the character of the men, for if they have a good quality of citizenship it is more probable that the men will have.

In the family are developed the spirit of obedience, the spirit of self-sacrifice, thoughtfulness for others and loyalty but how many homes there are in which those things have not been taught and how many boys and girls have taken the wrong paths of life for that very reason.

Some habits of life and speech still exist that we easily—almost by instinct class as low, base and degrading. Some young persons no doubt, are specially liable to low habits and speech, but there are many more who through thoughtless companions and bad books, have fallen if not into bad practices, at least into damaging habits which spoil their bodily health and worst of all their health of mind for there are things which soil the minds of young and old, as pitch soils the hands or dry rot infects a tree. The persons who have not enough self-control or moral vigor to out-grow these things are the ones who crowd the prisons, reformatories and insane asylums thus making themselves the most dangerous lowdown part of society.

In the family are taught the spirit of obedience, the spirit of self-sacrifice and thoughtfulness for others as I said before. When respect for each other is taught in the family those who were taught are not liable to forget the lesson. We must treat others as we would have them treat us. Why? Because our brother is entitled to all the respect we claim from him and because everyone is happier, richer and more friendly when all respect each other.

Another element which enters into citizenship is our schools. What would happen if the schools were taken away? Would the world get along just as well without them?

The American idea of government is that the people shall hold the reins of power, so far as possible, in their own hands; that they themselves shall be responsible for their own errors if ever they choose an unworthy or incapable public servant; and that hence they must not turn over to some one else to do, or to determine that which they can do.

Since the citizens are the rulers of the land every person should at least be well enough educated to make an intelligent citizen or in other words when he becomes old enough to vote, to know what he votes for.

The schools of America fling wide their doors to all people and millions of dollars are spent each year to maintain them. Why? Because this common wealth of knowledge is worth more to the nation than all the goods and buildings of the land. Besides the better educated and the more skillful the people are, the more prosperous their nation becomes. To be a good citizen one must be trained and educated to understand the difficult questions of government, so that when one comes to participate in the government by use of vote, they will be able to pass intelligent judgment on proposed questions.

Training for citizenship is accomplished in two ways.

(1). Through the course of instruction that will unfold to the pupil his various relations of life and that will develop his powers of clear thinking and right action! We usually think of History and Civics as the two studies intended to train for citizenship, but every study holds something which will help every student to be a better citizen.

(2) The second way in which the school should train for citizenship is by the life in the school itself. It is a mistake to think that the school is merely a preparation for life. It is life!

Education is not a privilege; it is a duty because every citizen owes it to his community to equip himself to render the best citizenship possible. A great many pupils, however, drop out of school for various reasons and these are the men and women who fail in their life's work.

Why do children leave school? The one great reason is that the parents and the children fail to see why remaining in school is of any great advantage after the child is old enough to "get a job." An education is not intended to relieve a person of hard work, but to fit him for more and better work than he could otherwise do.

It is necessary that every means be adopted to instruct those who come from foreign lands of American ideals of American citizenship and not make them merely partakers but contributors to our nation's welfare.

Protection of my country and its flag, unresentful obedience to all existing laws, careful thought on all important matters put forth for approval or rejection, the upbuilding of the community in which I live and support of schools—these are the fundamentals of my duty as a citizen of a country deserving all in my power to give!

Sunday School Course Is Offered at Palmer

Workers in This County Working to Complete Campaign to Secure Number of Students From County.

The Sunday school workers in Nodaway County are putting the finishing touches on their campaign to secure a goodly quota of students from our county to the Palmer College and Northwest Missouri Summer School of Religious Education which opens at Palmer College, Albany, Missouri, on Sunday, May 31.

Mrs. C. P. Fryer, secretary of the Nodaway County Council of Religious Education, today received a program of summer school of religious education that is to be held at Palmer College this summer. She says that this school is for the purpose of training Sunday School teachers and officers. Application blanks may be secured from Mrs. Fryer.

The school has received complete International approval and standard courses are given. By an agreement reached last February in Chicago, courses in such a school lead both to International and Denominational diplomas. This seems to have proven a real incentive to interested folks to take advantage of the opportunity it offers.

Twelve courses are to be offered, with a faculty of eight experts in Religious Education in charge. President F. G. Coffin, of Palmer College, will again be Dean of the school. By the generosity of Palmer College and the Chamber of Commerce of Albany, rooms at the college dormitory free of charge, as long as they last. The students who register early are therefore, the fortunate ones, which in part accounts for the activity of the officers of our County Association.

The School will be in session from May 31 to June 5. The opening session is Sunday evening, May 31. Mornings are given to class work, with certain courses in the afternoon. At 3 p. m. each afternoon a Recreational Course is given which is made decidedly attractive by Palmer's beautiful campus and well appointed gymnasium.

Girls of School Age Exceed Number Boys

The Name of Smith Is Found Only Four Times Among Names of Parents of Children of School Age.

As in former years, the number of the girls of school age in the Maryville Independent district, exceed the number of boys of school age. This year the school enumeration figures show that there are fifty-four more girls of school age than there are boys.

The enumeration figures also show that among the white school children the girls lead by fifty-two, there being 646 white girls to 594 boys, and the number of colored girls exceed the number of colored boys of school age by two, the totals being twelve colored girls and ten colored boys.

There are 1,240 white children of school age and twenty-two colored children of school age, making a total school enumeration of 1,262.

In looking over the names of the parents of the school children in this district the enumeration blank for 1925 reveal that there are more Millers than any other name on the list. Names beginning with "Mc" number fourteen.

The list shows that there are four Bakers, three Browns, four Cooks, six Davis, only three Fords, four Grays, two Greens, three Johnsons, six Jones, and the Irish name of Kelley is found five times on the list.

It was rather disappointing to know that the name Smith only appears four times, but there are four Strongs and four Williams. Moore is found four times; Reynolds five times and Masters the same number.

AFTER LEAVING THE HOSPITAL

Was Weak and Miserable. Lydia E. Pinkham's Vegetable Compound Restored Mrs. Auger's Strength

Lowell, Massachusetts. — "I read about Lydia E. Pinkham's Vegetable Compound in the little books that you send around and I felt very good after I had taken a couple of bottles of it. I had been in the Hospital and felt pretty well at first but I went down to nothing. I was weak and had to lie in bed almost all day. I had dizzy and faint spells, pains in my back and lower parts and was so nervous I could not bear my children around. I hope the Vegetable Compound helps other women as it did me. I do all my own work now and feel so well. I have told my friends about it and my sister and my aunt."—Mrs. OLIVE AUGER, 19 Howard Street Lowell, Massachusetts.

Over 200,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

98 out of every 100 of the replies say, "Yes" and because the Vegetable Compound has been helping other women it should help you.

DELINQUENT TAX NOTICE

The Missouri Statutes require the County Treasurer to file suit against the persons and property having collectable taxes delinquent more than one year.

The County Court has ordered me to make such a list and turn over to the Attorney appointed for that purpose, for attention all such taxes by the first day of June, 1925.

By making payment to me before that time, costs will be saved for the taxpayer.

Closing Grain Review.

Chicago, May 19.—Grain futures had a sensational recovery from a mid-day slump and closed generally higher. May wheat, the heaviest sufferer of the day, with a 6¼ cent drop, came within 2½ cents of equaling the opening.

Substantial export sales elevated spot wheat from the drastic mid-day slump. Demand, however, was not enthusiastic enough to recover the day's entire loss. Futures, the least affected, easily responded to bullish crop news from mid-western sections of the growing belt.

The early slump in the May was caused by heavy realizing, the result of weaker Winnepeg and Liverpool markets and sales of 600,000 bushels of wheat in outside markets to come here. Export sales today totaled around 700,000 bushels.

Corn reflected fully wheat's strength. Leading houses who sold early to remove hedges were encouraged to re-enter the pit on the strength of Argentine cables lessening the quantity of the grain available for shipments.

Conditions over the domestic belt were more favorable.

Reported sales of 200,000 bushels for export brought buyers into the oats market. Some purchases were made in the way of removing hedges.

Provisions rallied late with hogs and grains.

Ford Motor Company Breaks All Records

The Ford Motor Company is again setting new production records in order to meet increasing sales demand coming from all sections of the country.

Tuesday, April 28, all previous records for daily output were broken when the Ford domestic assembly plants turned out a total of 7,594 cars and trucks, setting up for the third time within a week a new production mark.

The record of 7,482 cars and trucks which had stood since April 9, 1924, was broken on April 22 when production reached 7,503. Another high mark was set last Friday, April 24, when the day's production reached 7,547 and this stood until the new figure was attained Tuesday.

The following warranty deed was filed for record today:

Carl H. Tarpley and wife to P. S. Farmer, the south sixty feet off lot 2, block 4, Torrance's addition to Maryville for $400 consideration.

Why He Succeeded

From hard work on a farm to the study of medicine in Cincinnati, where he was graduated in 1862, was the course which Dr. R. V. Pierce took.

In his younger days he practiced medicine over a large district. It was then the new oil fields near Titusville, Pa. Finally he determined to put up some of his prescriptions in ready-to-use form in order to reach a larger number of families.

He thus early moved to Buffalo, N. Y., and established the World's Dispensary, where he put up Dr. Pierce's Golden Medical Discovery for the blood as well as the Favorite Prescription for women, carefully preparing them from roots, barks and herbs and placed them with druggists everywhere.

During the last sixty years Dr. Pierce's Discovery, for the blood, has been sold in larger quantities by druggists all over the United States than any other medicine. It is a tonic in its effects on the stomach and digestive apparatus; an alterative in its action on the blood, liver and skin. It increases the appetite, stimulates the digestion, enriches the blood, and makes both men and women feel as they did when they were young and care free.

Ask your nearest druggist for Doctor Pierce's Discovery, in tablet or liquid form, or send 10c for trial pkg. of tablets to Dr. Pierce's Clinic, in Buffalo, N. Y.

Straw Hat Season Officially Ushered in Locally Today

Just four days late—but better late than never.

And straw hat season was officially ushered in this morning when Martin Lewis, Jr., stepped out of the clothing store wearing the first straw sailor to be seen this season.

May 15 is the official day for the opening of straw hat season in this state. However, it was not the case in Maryville as J. Pluvius ordained differently with an outburst of rainfall that dampened the enthusiasm of all men on that day and the Weather Man has been holding the thermometer down to such a point where straw hats were not becoming.

Several straw hat displays are to be seen in the display windows of the clothing stores, the clothiers just venturing to put out this style of headgear after Old Man Sol turned out a few hours of sunshine this week.

The styles are not much changed from last year, about the only change being noticed is that the color schemes are not so gaudy as last year. White and light brown sailors are much evidenced and the panama is as good this year as ever. As to the hat bands—they are generally plain but bright colored bands can be found on a few and individual tastes may be displayed by the choosing of different colored bands that may be placed on any of the straws.

The felt hat to the discard until September 1.

PAVING RESOLUTION NO. A-21.

A resolution for grading, paving, curbing and otherwise improving Walnut street, from the south line of the right of way of the Wabash Railroad to the south line of Twelfth street, in the City of Maryville, Missouri.

Be it resolved by the Council of the City of Maryville, Missouri, as follows, to-wit:

Section 1. That it is hereby declared necessary to bring to the established grade, pave, curb, and otherwise improve the roadway of the following street, in the City of Maryville, Missouri:

Walnut Street, from the south line of the Right of Way of the Wabash Railroad to the south line of Twelfth Street,

Including the street returns to a distance of three feet from face of curb, with the following width of roadway from face of curb to face of curb: 20 feet in width.

Section 2. That the said grading shall consist of bringing the roadway of said street to the established grade, as provided by Ordinance No. 1022 of the City of Maryville, Missouri, by cuts and fills and by excavation sufficient to provide for the aforesaid paving, as shown by profiles of said street now on file in the office of the city clerk.

Said paving shall consist of 2½ inch Vertical Fiber Brick, to be laid on a 4-inch Concrete base, with 1 inch sand cushion and asphalt filler.

The curb shall consist of a straight curb, constructed of concrete. The curb to be 5 inches wide at top and six inches at bottom, and an average depth of 16 inches.

All the aforesaid improvements shall be constructed in strict accordance with the plans and profiles now on file in the office of the city clerk.

Section 3. The cost of said work, to-wit: grading, paving, curbing and otherwise improving, including the cost of bringing said streets to the established grade, shall be levied as a special assessment upon all lots and tracts of land upon either side of said street improvements abutting thereon, as provided by law, and special tax bills, bearing interest at the rate of 8 per cent per annum after 30 days shall be issued to the contractor for payment of said work.

Section 4. This resolution shall be published for seven consecutive insertions in the Democrat Forum and Maryville Tribune, a daily newspaper published in said city.

Passed and approved this 11th day of May, 1925.

W. O. GARRETT, Mayor.

LAMKIN TEAM WINS TOURNEY

FIRST TOURNAMENT AT COUNTRY CLUB ENDS SUNDAY.

WEATHER HINDERS

Sims Low Medal Score; Lawrence Most Pars, and Lawrence and Richman Tie for Most Bogies.

The Lamkin Larks defeated the Raines Rookies in the first tournament held at the Country Club this year, according to an announcement of the tournament committee today. The winners may get their prizes, a golf ball, and their 75 cents refunded, upon request.

The total scores of the two teams were:

Raines Rookies, fourteen pars, thirty-seven bogies, total strokes, 1,150; Lamkin Larks, seventeen pars, forty-two bogies and total strokes of 1,176.

Very little interest was manifest in this tournament and the committee is disappointed in the small number of matches that were played out of the number of drawings.

However, the unfavorable weather the last two weeks has impaired the golf playing and this is the main reason why so few matches were played.

M. V. Sims had the best medal score, of 43.

H. F. Lawrence had the highest number of pars, five; and Lawrence and Richman tied for the most bogies, each getting six.

The results of each individual match:

Raines, 1 par, 2 bogies, medal score 49; Lamkin, 2 bogies, 51 medal score.

G. B. Roseberry, 1 bogey, medal score 62; George Herren, 1 bogey, 56 medal score.

F. C. Miller, 2 pars, 3 bogies, medal score 52; Forrest Gillam, 1 par, five bogies, medal score 48.

E. G. Cook, 1 bogey, medal score 51; Judge W. C. Ellison, 1 bogey, 59 medal score.

W. J. Staples, 1 bogey, 54 medal score; Earl Barmann, 2 bogies, 57 medal score.

Dick Strong, medal score 62; Paul Basford, medal score of 55.

E. L. Townsend, 1 bogey; medal score 54; E. Airy, medal score 65.

Dr. Jesse Miller, Sr., medal score 55; M. A. Peery, 1 bogey; medal score 61.

F. M. Townsend, medal score 59; Dr. D. J. Thomas, medal score 78.

Marc V. Sims, 4 pars, 5 bogies, medal score 43; C. G. Vogt, 1 par, 4 bogies, 47 medal score.

W. H. Allen, 1 bogey, 52 medal score; E. W. Keck, 1 par, 2 bogies, 55 medal score.

M. M. Curnutt, 1 par, 2 bogies, 59 medal score; H. D. Snyder, 1 par, 1 bogey, medal score 60.

O. K. Bovard, 2 bogies, 58 medal score; F. P. Reuillard, 1 bogey, 55 medal score.

B. E. Costello, 3 bogies, 49 medal score; L. A. Richman, 3 pars, 6 bogies, 46 medal score.

Frank Cummins, 80 medal score; Chester Lyle, medal score 66.

F. W. Crow, 1 par, 1 bogey, 58 medal score; Roy Curfman, 2 bogies, 56 medal score.

Frank Meyers, 2 pars, 5 bogies, medal score 46; H. F. Lawrence, 5 pars, 6 bogies, 44 medal score.

E. R. Miller, 2 bogies, 51 medal score; M. W. Wilson, 2 pars, 4 bogies, 47 medal score.

M. E. Ford, 1 bogey, 57 medal score; W. A. Rickenbrode, 63 medal score.

Light More a Factor Than Cosmetics

In Making Women Beautiful According to C. J. Campbell, Electric Expert.

New York, May 19. (United Press)—Light is now a greater factor than cosmetics in making women beautiful according to C. J. Campbell, Westinghouse electric expert.

"Not every woman can be beautiful in daylight" he told an audience at an electrical show here, "but 99 out of 100 can be lovely after twilight.

"The woman of tomorrow will plan the lighting effects of her home even more carefully than she does the furnishings" he said.

Must Be 21 to Get Marriage License

Both Principals Come Under Rule, Attorney General Otto States.

Jefferson City, May 19.—Attorney-General Otto yesterday reissued an opinion previously rendered by the department, holding t the minimum age for both principals in an application for a marriage license is 21 years, unless proof of parental aproval is presented with the aplication.

Otto issued the opinion after receiving complaints from several County Recorders that they were losing marriage licenses "business" by adhering to the 21-year legal minimum while other Recorders were issuing licenses under the former law fixing the legal age of women at 18 years. The Legislature in 1921 passed a law fixing the legal age of women at 21 years after enactment of equal suffrage.

FIND COST OF MAKING PORK

PIG FEEDING DEMONSTRATIONS BEING CONDUCTED.

KEEP ACCURATE CHECK

Hog Sanitation Project Is Progressing—In Co-Operation With Extension Service and Farm Bureau.

"In order to determine the rate and cost of gains on pigs full-fed on pasture, T. H. Acklin of Graham is co-operating with the Extension Service of the University and carrying out the hog feeding demonstration project of the Farm Bureau," according to J. Ross Fleetwood, county agent.

Mr. Acklin has eighty spring pigs which he will feed out on blue grass and white clover pastures.

Mr. Fleetwood says that Mr. Acklin is going to feed corn and tankage on forage and he has agreed to weigh the pigs at the beginning of the project and every thirty days thereafter until the demonstrations are finished.

He is intending to keep the amount of the feed fed which will furnish valuable records of the cost of producing pork under ordinary farm condition. "It is hoped," says Mr. Fleetwood, "that two or three other hog raisers may be secured in the county in order to make the figures obtained more applicable."

Mr. Fleetwood also says that the two hog sanitation demonstrations that are being carried on in this county in co-operation with the Farm Bureau and the Extension Service are progressing in fine shape.

L. A. Stelter reporter that 111 pigs were farrowed from fifteen sows and Lester Acklin has seventy-six pigs from nine sows. All of these pigs are thrifty, showing that they are free from worms and diseases.

These pigs should demonstrate, the county agent said this morning, "the value of raising pigs under sanitary condition. Demonstration meetings will in all probability be held on the farms of Mr. Stelter, Mr. Acklin during the early part of August for the observation of results obtained from the hog sanitation projects."

Famous British Author Has Relative Here

Charles A. Haggard Related to Sir H. Rider Haggard, Who Died in London Last Thursday

Sir H. Rider Haggard, the famous British author, who died in London last Thursday, was a distant relative of Charles A. Haggard, proprietor of the Linville and Balnum Hotels here.

Sir Rider had been ill four months and recently, when his condition became critical, he was taken to a private hospital in London where he died.

Although he achieved a world reputation as a maker of fiction, it was known to few that the real work of Sir H. Rider Haggard was in the field of practical agriculture, in which he gained the highest reputation among experts.

Sir Henry Rider Haggard was born at Bradenham, Nowfolk, June 22, 1856. He engaged in government service in South Africa, and while a young man became celebrated as a writer of romances and tales of adventure, with African backgrounds.

Author of Many Novels.

From 1882 to 1924 scarcely a year passed without the publication of a novel by him.

Haggard was knighted in 1912. The same year he was appointed a member of the royal commission to inquire into the natural resources and improvement of the trade of the British empire. He took a keen interest in the post-war settlement of debts to ex-service men and in 1916 visited the overseas dominions in that connection. He was created K. B. E., in 1919.

Among the most widely read of his books are: "King Solomon's Mines," "Called Back," "She" "Jess" "Allen Quartermain," "Cleopatra," "Colonel Quaritch, V. C." "The World's Desire," "Child of Storm," "The Ivory Child," "Love Eternal," "The Ancient Allan" and "Nada the Lily."

Lionized, But Wouldn't "Roar."

A blunt, though cultured English country gentleman is the characterization that probably best fits the illustrious romanticist. From the time his works began to grow in favor he was lionized socially in England, but refused to roar in public.

Col. Theodore Roosevelt once said of him:

"Sir Rider Haggard is probably most widely known as a novelist, but as a matter of fact there are few men writing English whose books on vital sociological questions are of such value as his, and hardly one among this small number who has grasped as he has grasped the dangers that beset the future of the English speaking people and the way these dangers can best be met."
